AGENDA	
10:00am	CIC Newbie Study Group
11:00am	Chapter Business Meeting
12:00am	<p>Presentation “Use of electronic medical record networking and genomic analysis to assess effectiveness of existing contact precautions against transmission of SARS-CoV-2 in the healthcare setting” Jocelyn Keehner, MD Infectious Disease UCSD health</p> <p>Learning Objectives</p> <ol style="list-style-type: none">1. Identify concerns for transmission of SARS-COV-2 in healthcare settings and the effectiveness of self-reported contact tracing networks.2. Explore electronic medical record data (including log ins, notes, as well as staff and room assignments) to develop a network of contacts between patients, between patients and healthcare workers and between healthcare workers3. Understand the use of genomic analysis of pre-omicron strains onto existing contact network to determine if any instances of transmission were missed when compared with normal contact tracing network systems.
1:00pm	Vendor Presentation
Next Meeting	May 11, 2022 (In-person/Virtual)

Up to 1 hour CEU provided by BRN # 03947

Attendance will be recorded with the meeting. A speaker evaluation survey will be sent to attendees.

Virtual meeting and speaker generously sponsored by
