Objectives

The purpose of the meeting is to share information among public health professionals and community health partners related to the investigation, control, and prevention of communicable diseases in San Diego County.

Target Audience

Community health partners and public health professionals, especially those whose work involves communicable disease investigation, control, and prevention (e.g., nurses, epidemiologists, communicable disease investigators, infection preventionists, laboratorians, infectious disease physicians, and environmental health specialists).

RSVPs

Please RSVP to Lynn Acosta at Lynn.Acosta1@sdcounty.ca.gov. For questions, please contact Madeline Poranski at madeline.poranski@sdcounty.ca.gov. We anticipate approval to provide up to 3 RN continuing education contact hours for this training.
