

IT IS TIME TO RECOGNIZE
YOUR INFECTION PREVENTIONIST (IP) COLLEAGUES

Award Recognition

IP System Superstar Criteria:

This IP inspires their IP colleagues and healthcare providers. They may have worked on successful projects or performed some other tasks that were worthy of praise in the IP role. (Systems are Balboa Naval Hospital, Children's Hospital of San Diego, Kaiser, Palomar-Pomerado, Scripps, Sharp, UC San Diego Health, Veterans Administration, Health Entity (this is a catch-all for skilled nursing facilities, ambulatory surgery centers, public health, IP consultants, and small hospitals))

IP of the Year Criteria:

The IP has worked on projects that have improved the care of patients with reducing infections, or they may have led educational efforts of IPs to improve their performance in helping protect patients.

Infection Prevention Project of the Year Criteria:

This project reduced an HAI, reducing patient or staff mortality and morbidity.

Infection Preventionist Lifetime Achievement award Criteria:

An Infection Preventionist that has advanced patient protection through any of the following criteria: 1) scientific advancement, 2) training of infection preventionists, 3) multiple successful IP projects, 4) professional leadership.

APIC San Diego & Imperial County
